

Tedders Family & Implant Dentistry

This letter is being sent because we value you as a patient and wanted to share important communication. After much deliberation, Dr. Collin Tassie has decided to move closer to family in SE Michigan as he and his wife await the arrival of their second child. They gave careful consideration over the holidays of his time commitment for travel, both of their aspiring careers and of course, the trust and confidence you placed in Dr. Tassie as an Associate Dentist of Dr. Tedders.

Fortunately, Dr. Tassie had the pleasure and honor to be under the wing and mentorship of Owner and Clinical Director, Dr.

Pierre J. Tedders, who has over twenty years as a general family dentist, is board-certified and is also a resident expert in dental surgery and dental implants. Sometimes, you'll even see him in the reception area making a cup of coffee for our patients!

We want you to be assured that Dr. Tedders can personally care for you along with his supporting clinical team at Tedders Family & Implant Dentistry. We are more than capable of continuing any planned treatment for you, your family, or your preventative and elective dental needs without disruption. Heidi, our lead Treatment Coordinator/Patient Specialist will be in contact with you directly to also discuss any nuances with your treatment plan or insurance benefits.

Lastly, our new clinical schedule effective February 1, 2024 is as follows:

Tuesday/Wednesday/Thursday 8:30 a.m. – 4: p.m., with alternating Mondays.

We will remain closed on Fridays.

Thank you for the opportunity to be of service to you.

Yours in good health,

Dr. Pierre J. Tedders

Dr. Collin A. Tassie
